

CANDIDATE FOR REDDING CITY COUNCIL MEMBER

JAMES CROCKETT

Age: 37

Occupation: College Instructor/High School Teacher

Every day I encourage my students to go out and change the world. Changing the world is rooted in personal responsibility. A community grows and flourishes when we work together. It is with this philosophy that I am running for City Council.

As a council member, I will work to bring government, private, and nonprofit groups together to tackle our public safety concerns. We all want to feel safe and secure in our city. I will also work to employ innovative techniques to bring business to our community and help the ones already here flourish. We must have policies that encourage risk-taking and promote a more proactive approach towards economic growth.

As a husband and father of three young children, these issues are personal for me. I want Redding to be on the list of Best U.S. Cities! If we hope to accomplish these goals, we must come together as a community to address our concerns while also promoting individual and economic growth. It is time for the people of Redding to come together and fight for the future we want; not only for ourselves, but for future residents of our beautiful city!
