

Candidate: Allen David Long
Position: Grant School District

I am the father of four Grant School Cougars; my youngest is currently in Kindergarten. It is my honor to run for a position on the school board.

I have lived in Shasta County for 27 years, and retired as a police lieutenant from the City of Redding in 2010. I had the privilege of supervising school resource officers and serving as one of the City's Emergency Service Instructors, which allowed me to consult and advise schools on the implementation of safety plans. I understand and will prioritize the safety of our students.

Prior to entering law enforcement, I graduated from UC Berkeley with a business degree and a focus in accounting and finance. I have Masters in Public Administration from National University, with a focus in organizational leadership. I look forward to bringing my unique background in governmental budgeting and accounting to Grant School. I will help ensure budgetary transparency and will strive to bring in additional financial resources for our school.

Grant School is the best school in our County, with the finest teachers and administrators. I look forward to bringing my energy to assist in making it even better.
