

CANDIDATE FOR REDDING CITY COUNCIL MEMBER

FRANCIE SULLIVAN

Occupation: Vice Mayor

As a public servant, my mission is to conduct the people's business with honesty, enthusiasm, and competence. This is my goal.

Redding faces huge challenges. We were in a resurgence of new construction, new businesses, new jobs before the Carr Fire. Now, we must focus on getting families into rebuilt and repaired homes. We need to help each other heal. We must be certain everyone who needs help gets it.

Redding has been exceptionally successful in getting financial help to rebuild our Downtown. The same collaborative efforts of the city, county, and state are necessary for rebuilding after the Carr Fire. My knowledge and experience can be an asset in that effort.

I will continue working on solutions for problems created by homelessness, substance abuse, and mental illness. I am steadfast in my support of the fiscally feasible portions of the Blueprint for Public Safety. Making Redding the best place to live, work, and raise a family is my passion. Please go to franciesullivan.com for more information.

Your choice of local elected leaders has never been more important. I would appreciate your vote.
