

Candidate Statement of Qualifications  
Election date 11-3-20  
Fall River Joint Unified School District Board Member Position  
Megan Estes

I grew up with a deep appreciation for life-long learning. The decisions made for education are paramount in securing our future through the current generation. I am hopeful to be a part of that kind of decision-making here in our community as a school board member. I graduated from Burney High School and currently have four kids enrolled at Burney Elementary. During my time as a substitute teacher I got to know more of the students and staff and gained valuable insight into the daily workings of our schools. Additionally, I have business experience from helping my husband run our small business and have acquired beneficial financial and budgeting experience from managing our large household. Lastly, I earned a Bachelor's degree in Psychology from Simpson University giving me an appreciation for the complexity of human relationships and the tools needed to work collaboratively toward a common goal. Although not as seasoned as some, I am confident the experience I do have, my vested interest as a parent, and desire to do my best for the community makes me a qualified candidate for this position.
