

RAYOLA PRATT
Shasta College Trustee Area E

This year I am one of eleven community college trustees, state-wide, receiving the Fulfilling the Trust Award. I am honored to be recognized for 20 years of dedication and service to Shasta College and to the extraordinary people of Area E in Trinity, Shasta, and Humboldt counties. My years as a trustee and my commitment to professional development, plus my experience in private business and non-profit administration, have prepared me to meet my fiduciary responsibilities with wisdom and integrity.

Central to my tenure is service. I am an active and involved trustee. I make it a priority to get to know and truly listen to the students, staff and community members I serve. Along with extensive volunteering, I have also attended every graduation for the past twenty-one years. I'm continually impressed by the passion for learning and innovation that I see throughout the Shasta-Tehama-Trinity Joint Community College District.

I have served as Board President during three different college administrations. At board meetings I have a reputation for being prepared and for asking the tough questions. As the world undergoes profound changes, I remain deeply committed to the accessibility of a relevant and expansive education for all people.
