

CANDIDATE STATEMENT FOR  
Shasta County Clerk  
**Cathy Darling Allen**

Occupation: County Clerk

Age: 53

Thank you for trusting me as your County Clerk/Registrar of Voters for the past 17+ years. Serving our community with integrity, accuracy, competence, and strong leadership is my highest priority.

Confidence in honest elections is key to our democracy. In Shasta County, the Election staff and I provide excellent service to all voters whether they vote at a polling place, from home, or from a military posting.

I lead our Clerk staff to provide excellent customer service for marriage licenses, wedding ceremonies, a variety of business filings and accepting passport applications.

I need your support and vote. I have worked with dedication and integrity for nearly two decades improving how elections are conducted in Shasta County and beyond. Improving voter experiences is something we work on every day.

My leadership and involvement in related activities also benefit Shasta County voters. I have participated in and led research projects concerning the ways elections are funded both within California and nationwide, and have led our statewide professional association.

I am honored to serve as your County Clerk. To make certain that these services continue to be provided in a trustworthy and competent manner, I am asking that you vote for me on June 7.

Thank you.
