

CANDIDATE STATEMENT FOR
Shasta County Clerk
Bob Holsinger

Occupation: Retired Utility Manager

I'm Bob Holsinger and I'm working hard to become your new Shasta County Clerk!

I'm a retired utility manager who hired, trained, and developed successful teams that staff and operate large powerplants. In this capacity I was also responsible for plant regulatory compliance, multimillion dollar contracts, and budgets during powerplant construction and operations.

I've served Shasta County for 5 elections as a volunteer election observer with Election Integrity Project California (EIPCa). The past 4 elections I was EIPCa's Shasta County coordinator who helped recruit and train over 100 election observers. These volunteers then observed the election voting and ballot processing process to verify voting integrity.

When elected, I will utilize California's Approved vendor list to identify an alternative to the county's current Dominion voting machines. I'll also continue supporting citizen election observers to help fortify voter confidence that their vote counted!

My strong leadership skills will help protect your vote and provide excellent customer service while in the County Clerk's office!

In the June 7 Primary Election, please vote for Bob Holsinger for Shasta County Clerk!

Thank-you
