

CANDIDATE STATEMENT FOR
Shasta County District Attorney
Stephanie Bridget

Occupation: District Attorney

Age: 46

I am an experienced trial attorney who has spent two decades personally prosecuting criminal jury trials, sending murders, rapists, and child molesters to prison for life. I have fought against the early release from prison of violent felons. I oppose legislation that makes our community less safe. I support a new, larger county jail for criminals that prey on our local residents and I am actively working to make it a reality. I put on an annual community Senior and Veteran Fraud Prevention Fair. I speak at area schools regarding the danger of human trafficking, bullying, and cyber safety. I'm a founding Board Member of the Children's Legacy Center, a one-stop-shop that provides resources and hope to children who are victims of or witnesses to crime. I was raised in a military family and I feel blessed to have found a county that I call my home, where I live with my husband and four kids. I support the Second Amendment and have always been dedicated to serving my country and my county. Leading the District Attorney's Office for the last five years has been my privilege. I would be honored to receive your vote. www.stephaniebridgett4da.com
