

CANDIDATE STATEMENT FOR  
United State House of Representatives, District 1  
**Rose Penelope Yee**

OCCUPATION: Business Leader, Finance Professional, Investor

---

Like you, I'm a proud American, blessed to live in the land of the free and the home of the brave.

And yet, many of us fear seeking medical help because of lack of health insurance. Some of us are afraid to leave abusive employers or have to work 2 or 3 jobs to make ends meet. Many of our youth are foregoing college or are drowning in student debt. A number of us want to work but can't find jobs.

What if we can go to a doctor without having to worry about paying for it? What if there's a safety net so that you're free to quit that soul destroying job and seek greener pastures? What if college were free to those who want it? What if there's a Jobs Guarantee so that all can be productive citizens of this great country?

This is why, fellow citizens, I answered the call to run as your Congressional representative. I vow to fight so that none of us would bear the crushing burden of medical or student debt, or do drugs to escape lives of quiet desperation. True freedom requires economic freedom.

I vow to be a thorn on the side of the political establishment so that laws passed benefit us all.

President Roosevelt said we need these 4 freedoms: Freedom of Speech, Freedom of Worship, Freedom from Want, and Freedom from Fear. Let's let freedom ring!

Together, we can. Thank you for your vote.
