

CANDIDATE STATEMENT FOR
Shasta County Supervisor District 5
Christopher Kelstrom

I was born and raised in Shasta County. As a Shasta County native, I attended local schools including Enterprise and Shasta College.

In 1987 I managed my first business in Anderson and moved to Cottonwood in 1988 which is still home today.

I spent 14 years in business management and in 2001 managed a business in Happy Valley. I would like to bring that business experience to the Board of Supervisors.

For the past 20 years I have focused on customer service in my current career. I would like to bring that experience to our county departments as a supervisor.

I am a director on the Cottonwood Chamber of Commerce and I was a shop steward for the Teamsters. I am a life member of the NRA and a member of the California Rifle and Pistol Association.

As a Shasta County native I love this county and would like to return the power back to “ We the People” where it belongs. I am not a career politician and if elected I will push for term limits for our supervisors.

I would be honored to earn your vote for Shasta County Supervisor.
